Year 4 Maths Overview 2026-2027

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Maths Continuously through the year: *recall multiplication and division facts for multiplication tables up to 12 × 12	<u>Number and Place Value</u> * find 1,000 more or less than a given number * count backwards through 0 to include negative numbers *recognise the place value of each digit in a four-digit number * order and compare numbers beyond 1,000 * round any number to the nearest 10, 100 or 1,000 <u>Addition & Subtraction</u> * add and subtract numbers with up to 4 digits using formal written methods <u>Geometry – Position and Direction</u>	<u>Addition and Subtraction</u> *add and subtract numbers with up to 4 digits using formal written methods * estimate and use inverse operations to check answers * solve addition and subtraction two-step problems <u>Multiplication and Division</u> *use place value, known and derived facts to multiply and divide mentally, * recognise and use factor pairs and commutativity in mental calculations * multiply two-digit and three-digit numbers by a one-digit number using formal written layout *solve problems involving	<u>Measurement – Time</u> *read, write and convert time between analogue and digital 12- and 24-hour clocks *solve problems involving time conversions <u>Measurement</u> *convert between different units of measure (km to m. g to kg etc) *estimate, compare and calculate different measures, including money in pounds and pence	<u>Fractions</u> *Recognise and show, common equivalent fractions *count up and down in hundredths; * solve problems involving increasingly harder fractions * add and subtract fractions with the same denominator * recognise and write decimal equivalents of any number of tenths or hundreds * recognise and write decimal equivalents to 1/4 , 1/2 , 3/4 <u>Decimals</u> *find the effect of dividing a one- or two-digit number by 10 and 100, * round decimals with 1 decimal place to the	<u>Decimals</u> * compare numbers with the same number of decimal places up to 2 decimal places * solve simple measure and money problems involving fractions and decimals to 2 decimal places <u>Measurement</u> *measure and calculate the perimeter of a rectilinear figure * find the area of rectilinear shapes by counting squares <u>Geometry</u> *compare and classify geometric shapes * identify acute and obtuse angles and compare and order angles up to 2 right angles by size * identify lines of symmetry in 2-D	<u>Statistics</u> *interpret and present discrete and continuous data * solve comparison, sum and difference problems using information presented in bar charts, pictograms, tables and other graphs

Year 4 Maths Overview 2026-2027

	*describe positions on a 2-D grid as coordinates * describe movements between positions as translations * plot specified points and draw sides to complete a given polygon	multiplying and dividing		nearest whole number	shapes presented in different orientations * complete a simple symmetric figure with respect to a specific line of symmetry <u>Roman Numerals</u> *read Roman numerals to 100 (I to C)
